The Local Council,
Kibbutz Krite, near Hadar,
Palestine.

Sirs:

The Department of State at Washington has requested this Consulate General to make a thorough survey of American interests in Palestine. This survey will consist of two principal parts, namely, (a) American citizens themselves and (b) property of American citizens.

Since it is believed that there are American citizens residing in Kibbutz Krite, I send you herewith a questionnaire which indicates the information desired. If you will fill out the questionnaire and return it to this office, your assistance will be greatly appreciated.

Respectfully yours,
For the Consul General

Julian L. Pinkerton
